

DXS-F1 AND 2GIG-F1 FALL DETECTOR PENDANTS

PROACTIVE PERSONAL
SAFETY PENDANT WITH
PROVEN FALL DETECTION
SUMMONS HELP WHEN
YOU CAN'T

The DXS-F1 and 2GIG-F1-345 Fall Detector Pendants are the latest in technology in the Numera line of Personal Emergency Wearables. Reliable strong transmission with range up to 1000 feet, plus leading-edge fall detection technology promote full-time use and around-the-clock protection.

Our 2GIG-F1 pendants are compatible with Numera devices, including the Numera Libris mPERS product line and Numera Home Safety Hub console, as well as with 2GIG home security systems. The DXS-F1 protocol pendant is backward compatible with PERS-4200 and PERS-2400 (Linear) consoles.

FEATURES - FALL DETECTOR PENDANT

- Cutting-edge Fall Detection Technology: Multi-axis sensor intelligence recognizes the most amount of falls.
- Proven: Fall detection leverages the Numera Libris' advanced fall detection algorithms and fall assessment capabilities that are based on real human falls.
- Proactively Sensitive: 3D sensing capability guarantees an alert immediately in the case of a fall
- Strong Transmission: Works even through thick walls with range up to 1000 feet
- Full Time Use is Full Time Protection: Attractive comfortable design encourages usage at all hours
- Completely Sealed: Durable, shock and water resistant (IPx7) with long lasting battery
- Backward Compatible: DXS-F1 (315 MHz) is compatible with PERS-4200 and PERS-2400
- Configurable: 2GIG-F1-345 (345 MHz) is fully compatible with Numera and 2GIG systems and is configurable to activate the fall detection feature
