

345S
SECURITY SENSOR

**Security Sensor with On/Off
Switchable Encryption.**

2GIG-PANIC100-345

Panic Button Remote

The 2GIG® Panic Button Remote is a compact, battery-powered, wireless device that transmits an emergency signal from any location within RF range of the control panel, regardless of whether the system is armed or disarmed. It can be mounted on a wall or worn using one of several options: lanyard, wristband, belt clip, or car visor clip. The button is fully water-resistant, ensuring reliable performance even in damp environments. To prevent accidental activations, it features a five-second button lockout after use.

The button supports both non-encrypted (default) and encrypted mode, configurable via a button press sequence on device power-up.

**Stock half as many SKUs
on trucks.**

Easily choose encrypted/
non-encrypted operation
with an internal switch.
2GIG 345S sensors work
for any installation.

**Complete 2GIG security
ecosystem.**

345S sensors work with
the all-new GC Touch,
revolutionary 2GIG EDGE,
and earlier security &
control panels from 2GIG.

GC TOUCH™
2GIG EDGE™

2GIG products are known for quality and field-proven reliability with more than 5 million security panels and 25 million devices deployed that boast a less than 0.03 percent failure rate – the best in the industry.

Panic Button Remote

TECHNICAL SPECIFICATIONS

Wireless Signal Range	500 ft (152.4m), open air, with Wireless Copnrol Panel
Code Outputs	Alarm; Supervisory; Low Battery
Transmitter Frequency	345.000 MHz (crystal controlled)
Unique ID Codes	Over one (1) million different code combinations
Supervisory Interval	70 minutes
LED	RED when activated
Dimensions (L x W x H)	1.65 x 1.20 x 0.50 in. (4.19 x 3.05 x 1.27 cm)
Weight (including battery and bracket)	0.45 oz. (12.8 g)
Housing Material	ABS Plastic
Color	White, black button
Operating Temperature	32°-120° F (0°-49° C)
Relative Humidity	Water-Resistant
Batteries (Installed)	One (1) Panasonic CR 2032 or equivalent Lithium battery
Certification	FCC/IC and ETL

Specification and availability subject to change without notice.

2GIG 345S sensors offer reliable security coverage for residential and commercial properties to keep clients feeling secure. With sleek, modern designs that seamlessly integrate into any environment, 345S sensors include contact, PIR, glass break, smoke detectors, keyfobs, and more.

2GIG 345S sensors are compatible with the complete 2GIG security ecosystem including the **GC Touch™** and **2GIG EDGE™** security panels.
